SPONSORSHIP BROCHURE
GHF CONTRIBUTORS
The Geneva Health Forum (GHF) convenes and mobilizes the global health community to establish a constructive dialogue leading to improve health and access to care at the global level. Together with a robust team of partners and through a multidisciplinary programme and a series of innovative initiatives the Geneva Health Forum supports its vision: “a world where health is a human right and access to health a reality for every human being”.

Geneva Health Forum Audience
The Geneva Health Forum brings together a multisectoral and global audience including high level representatives from the following sectors:
- Academic Institutions
- International Organizations and Institutions, Funds and Public-Private Partnerships
- Permanent Missions to the UN
- Public Institutions
- Hospitals
- Associations, Foundations and NGOs
- Training centers
- Private sector
- Media

- 126 innovations
- 17 booths
- 165 posters
- 5 photo exhibitions
- 4 “Jet d’Or” Awards
- 1 “Science Speed talks”

Geneva Health Forum 2022
New features
GHF 2022 driving theme
Under the theme “Pandemic and Environmental Emergency: Reinventing Global Health in times of Global Changes”, GHF participants will discuss the enormous challenges that are linked to the intertwining of human health with environmental and animal health. From learning about new approaches to engaging a dialogue among different sectors, the GHF will foster and bring to light innovative solutions and initiatives.

GHF becomes a platform for collaboration and continuous learning
Through a series of exclusive events and workshops organised in between two editions, the GHF amplifies its pivotal role and accelerates the connections and collaborations initiated at the conference. GHF workshops are multisectoral working groups facilitated by the GHF and led by two institutions “GHF workshop co-leaders” with the aim to tackle a specific global health issue and leading to deliver an innovative solution.

GHF 2022 - new format
Organised as a hybrid event with on-site events complemented by virtual elements, the 2022 GHF will be open to a wider audience and accessible to participants who may not otherwise be able to attend in person.

Geneva Health Forum 2022
Programme and activities
Building on the success of the 2020 edition, the GHF 2022 will include:
- Interactive sessions addressing crucial global health issues
- Innovations developed in the Health Valley and internationally
- Exhibitions from institutions and the private sector
- Unique networking opportunities
BECOME A GHF CONTRIBUTOR

Founded in a spirit of partnership, the GHF works closely with key actors involved in global health. Over the last fifteen years, the GHF has built a large and multisectoral network.

In joining our team of contributors, your active participation will enable you to take advantage of the following unique benefits:

- Showcase your support to finding solutions to global health challenges
- Connect with the GHF network and high-level global health actors
- Strengthen your presence in the Health Valley
- Promote your values, activities, and solutions
